Priority

1. This application is a continuation of application (10/103563) and is considered with the priority of the parent case.

Allowable Subject Matter

2. Claims 2 and 4 are allowed.

The following is an examiner's statement of reasons allowance:

The allowability of the claim 2 resides, at least in part, in that the closest prior art of record Brown Jr. et al (U.S. Pat. 5,761,083) does not disclose or suggest, alone or in combination, using historical data related to weather, and weather forecasting for next day, to calculate estimated in-store illumination values for times during next day, in combination with the other elements and featured within the claimed invention.

The allowability of the claim 4 resides, at least in part, in that the closest prior art of record Brown Jr. et al (U.S. Pat. 5,761,083) does not disclose or suggest, alone or in combination, an in-store monitoring system that uses interior temperature of the freezing equipment and a counter to count how many times a store door is opened and closed to calculate and display power saving advice to a user, in combination with the other elements and featured within the claimed invention.
